### INTRODUCTION

On the 348 rolls of this microfilm publication are reproduced the applications submitted for shares of the money that was appropriated for the Eastern Cherokee Indians by the Congress on June 30, 1906. The Eastern Cherokee applications, August 29, 1906-May 26, 1909, are part of the Guion Miller Enrollment Records that are among the records of the U.S. Court of Claims. This publication also includes a general index to Eastern Cherokee applications (two vols.).

### History

Before the U.S. Court of Claims was established in 1855 there was no procedure by which claims arising against the U.S. Government could be enforced by suit. Consideration of claims was provided for when the Treasury Department was established in 1789; later acts of the Congress authorized the Department to settle all claims by or against the Government. If a claim was rejected by the Treasury Department, the claimant's only course of action was to appeal directly to the Congress. Petitions to that body for relief had become so numerous by the middle of the 19th century that the Congress was beginning to find it impossible to make the proper and necessary investigations for actions on the claims.

The U.S. Court of Claims was established by an act of February 24, 1855, to hear claims against the United States including those referred to the court by the Congress, based on any law of the Congress, any regulation of an executive department, or any contract with the Government, whether explicit or implied. Under this act the court served only as a factfinding agency, and its conclusions were submitted to the Congress for approval and for the granting of awards. In 1863 the Congress enlarged the court's jurisdiction and gave it authority to render judgments against the Government, with the right of appeal to the Supreme Court. An act of 1925 abolished appeals from the Court of Claims to the Supreme Court and substituted writs of certiorari.

An act approved July 1, 1902 (32 Stat. 726), gave the Court of Claims jurisdiction over any claim arising under treaty stipulations that the Cherokee Tribe, or any band thereof, might have against the United States and over any claims that the United States might have against any Cherokee Tribe or band. Suit for such a claim was to be instituted within 2 years after the act was approved. As a result, three suits were brought before the court concerning grievances arising out of the treaties:

On May 18, 1905, the court decided in favor of the Eastern Cherokees and instructed the Secretary of the Interior to identify the persons entitled to participate in the distribution of funds for payment of the claims. On June 30, 1906, the Congress appropriated more than \$1 million for this purpose. The task of compiling a roll of eligible persons was begun by Guion Miller, special agent of the Interior Department. In a decree of April 29, 1907, the court (1) vacated that part of its earlier decision that had given the Secretary of the Interior responsibility for determining the eligibility of claimants and (2) appointed Miller as a special commissioner of the Court of Claims.

The same decree also provided that the fund was to be distributed to all Eastern and Western Cherokee Indians who were alive on May 28, 1906, who could establish the fact that at the time of the treaties they were members of the Eastern Cherokee Tribe or were descendants of such persons, and that they had not been affiliated with any tribe of Indians other than the Eastern Cherokee or the Cherokee Nation. The decree further provided that claimants should already have applications on file with the Commissioner of Indian Affairs, or should file such applications with the special commissioner of the Court of Claims on or before August 31, 1907. Additionally, applications for minors and persons of unsound mind were to be filed by their parents or persons having their care and custody, and applications for persons who had died after May 28, 1906, were to be filed by their children or legal representatives.

In his report of May 28, 1909, Miller stated that 45,847 separate applications had been filed, representing a total of about 90,000 individual claimants, 30,254 of whom were enrolled as entitled to share in the fund--3,203 residing east and 27,051 residing west of the Mississippi River. On June 10, 1909, the court confirmed and approved the roll, submitted by Miller in his report, of Eastern Cherokees who were entitled to a share of the fund except "so much as shall be expected (excepted) to on or before August 30, 1909." After the exceptions had been filed and investigated, Miller submitted a supplemental report and roll to the court on January 5, 1910. In this report he stated that about 11,750 exceptions had been made, that the names of 610 persons (238 east and 372 west of the Mississippi) had been added to the roll, and that the names of 44 persons (5 east and 39 west of the Mississippi) had been stricken from the roll because clerical errors in enrollment had been discovered. Thus the final figure on the total number of persons entitled to share in the fund was 30,820, of which 3,436 persons

resided east and 27,384 resided west of the Mississippi River. On March 15, 1910, the court finally decreed that the rolls be approved and that, after certain deductions for expenditures, payments were to be made equally among the Eastern Cherokees who were enrolled. The court also authorized the Secretary of the Treasury to issue a warrant in favor of each person.

In certifying the eligibility of the Cherokees, Miller used earlier census lists and rolls that had been made of the Cherokees by Hester, Chapman, Drennen, and others between 1835 and 1884. Copies of some of these rolls and the indexes to them are filed with the Miller records (filmed as M685). Other enrollment records used by Miller are among the classified subject files of the Bureau and are designated as "33931-11-053 Cherokee Nation."

### Records

The applications contain sworn evidences of identity and were filed with the Interior Department's Office of Indian Affairs until April 29, 1907 (the last application was No. 22268), after which the applications were filed directly with the court. The application required each claimant to state fully his or her English and Indian names, residence, age, place of birth, name of husband or wife, name of tribe, and names of children. It further required the English and Indian names of the claimant's parents and grandparents, place of their birth, place of their residence in 1851 if they were living at that time, dates of their death, and a statement as to whether any of them had ever before been enrolled as Indians for annuities or other benefits and, if so, with what tribe. Each claimant was also to furnish the names of all brothers and sisters, with their ages and residences, and the names and residences of all uncles and aunts. Applications were required to be made under oath and to be supported by affidavits of two witnesses who were well acquainted with the applicant. With each application is a card showing final action taken and the reasons therefore. Filed with many of the applications are inquiries concerning the status of the cases, requests for further evidence, protests about unfavorable actions, form letters that had been sent by the special commissioner to the applicants as notices of rejection of their applications and returned by the Post Office Department as unclaimed, affidavits and statements of witnesses, powers of attorney, and last wills and testaments. The applications are arranged by the number assigned at the time the application was received. There are some gaps in the application numbers; these are explained on insert sheets at the appropriate places on the film. The index is arranged alphabetically by name (either English or Indian) of claimant.

Many of the files contain a cross-reference card to other applications. This cross-reference card often refers to the EX file, the report on exceptions filed by Miller on January 5, 1910.

Mary Jane Richardson,

Laurel Springs, N. C.

Sir:-

Replying to your letter of September 3, 1907, you are advised that the applications for participation in the Eastern Cherokee fund have not been taken up for final consideration, and we cannot state at the present time whether or not you are entitled to share in this fund, or the amount each successful claimant will receive.

As there are over 40,000 applications on file and the claimants are widely scattered through the United States, it will necessarily take considerable time to have all of these cases adjudicated, and until they are so determined no money can be distributed.

If there is any further information required in connection with your application you will be notified.

Very respectfully,

Special Commissioner.

I am 53 years of age, and live about five miles from here in Alleghany County. My people always told me that I had Indian blood. I came through the Osbornes, and Catherine Petty, who has just testified, is my aunt. My father, Jonathan Starmer, was a son of Job Starmer. My father was 73 years of age at the time of his death, and lived in Ashe County all of his life, but moved to Grayson County before he died. I have heard that he had Indian blood, but do not remember what kind of Indian blood he had. He never received any money from the Government on account of his Indian blood. He was a voter, and was recognized as a white man in his community. I do not know whether he ever visited the Indians, but he was at Stateville about thirty years ago when the Indians had a trial there. I do not know whether he was there just to see how it went or not—I was just a little child at the time. The Indians referred to were Cherokee Indians—they were living for this very long, maybe it was long. I think my great grandfather, Frank Starmer, was correct.

My mother, Lillian Starmer, was the daughter of David Osborne, who was the son of Elias Osborne, and the oldest in the family. I think that my grandfather, David Osborne, was the son of Elias Osborne, is a mistake which I wish to correct. Sally Osborne, my great grandmother, was a daughter of Ned Sizenore, as far as I recollect. They were said to be Cherokee Indians. I do not know that they ever got any money from the Government on account of their Indian blood—if they did, I have never heard of it. My mother died during the war, and the statement in my application that my mother died in 1853 is a mistake. She died about the time she was born.

I am unable to swear to before me at Lynchburg, Va.,  
in First year of March, 1880.

Replying to your letter of March 18, 1907, you are advised that this Office cannot say, at the present time, just when the fund arising from the judgment of the Court of Claims in favor of the Eastern Cherokees will be paid, or the amount each successful claimant will receive.

The time for filing these applications has been extended to March 31, 1907, and after that date all applications will have to be taken up for consideration in their regular order, and this will necessarily take some time.

Sir:-

Replying to your letter of June 17, 1907, relative to when the fund arising from the judgment of the Court of Claims in favor of the Eastern Cherokees would be paid, you are advised that the applications have not been taken up for final consideration, as the Court in its order of April 29, 1907, has extended the time for the filing of applications to August 31, 1907, and until the applications have all been filed it will be impossible to give final consideration to any of them.

As there are already over 25,000 applications on file and the claimants are widely scattered through the United States, it will necessarily take considerable time to have all of these cases adjudicated, and until they are so determined no money can be distributed.

If any further information is required in connection with your application you will be duly notified.

Very respectfully,

Special Commissioner.

Special Com of cost of claims of  
eastern Cherokee Indians

Sir in answer to your request  
of Jan 23 in reference to whether I claim  
through any other source than through my  
mother's father John Brady alias Indian John  
No I do not claim through any other source  
as to the enrollment. We come or moved from  
North Carolina when I was a small child to this  
mountain section & our selves and the most  
of our neighbors was uneducated people  
and we did not know any thing of enrollment  
as before the war all the good land was owned by  
slave holders & the poor white people had to locate  
in mountains as best they could & consequently  
was never much with educated people.  
And the reason which led me to believe my Indian  
blood was my mother always claimed she was  
half Indian that her father John Brady ~~alias~~  
~~Indian John~~ was a full blood Indian. I have  
also heard my father many times call my  
mother the old Squaw & speak of her family  
or father being an Indian our family also  
shows in there features & complexion the  
Indian trait & features  
Hoping I have answered you satisfactory

Application #11845

August 29, 1907.

Mrs. Jennie Moss,  
Cunningham, Ky.

Dear Madam:-

Replying to your letter of August 19th, you are advised that the applications for participation in the Eastern Cherokee Fund have not been taken up for final consideration, and we cannot state at the present time whether or not you are entitled to participate in this fund, or how much each successful claimant will receive.

As there are already over 36,000 applications on file, and the claimants are widely scattered through the United States, it will necessarily take considerable time to have all of these cases adjudicated, and until they are so determined no money can be distributed.

If there is any further information required in connection with your application you will be notified.

Very respectfully,

Special Commissioner.

William Pitman, being first duly sworn, deposes and says:

That I am 19 Years of age and live in Pickens Co., Ga. I claim my Indian descent through my father and his mother and her name was Prince - Jane Prince. My father was born in Tenn., but I don't know what part. Don't know where my grandmother was born. Never heard that my father or grandmother were on any roll. Think my grandmother Prince claimed to be 1/2 Cherokee. I think she had brothers and sisters but I don't know their names. I don't much or anything about my Indian ancestry.

COURT OF CLAIMS  
EASTERN CHEROKEES.  
Rec. AUG 6 1909  
No: 11862

**General Claim Agency,**

**John L. Springston,**

**Vian, Oklahoma.**

11862 ✓  
Vian, Okla, Aug 3rd, 1909. 190

The Hon. Clerk of the Court of Claims,  
Washington, D. C.

I rise to ask one question regarding the make up of the emigrant roll as it appears to me on close view of it---

On page 129 appears #24881. Lee Smith, #24882. Arch Smith, #24883. Mattie Smith, all of Braggs, Okla, and ages given as follows: 17, 14, 11. respectively--- by Sarah Smith as grdn.

Then again on same page, appears the following entry, as follows: #24982, Sarah Smith, age 40. #4983, Lee, age 16, #2984, Archie, age 13, #2985. Mattie, age 10. and all of Braggs, Oklahoma---claims #6063 & 6060 respectively--

There may be nothing wrong in this matter, but I see in other places persons named in one place, but reference to another page where they are numbered when at first place they are not numbered-- then the question naturally arises, why and how is it in this case--

This Sarah Smith is a personal friend of mine, and I aided her materially in advice as to what to do in the case to get on the roll, and appear to have been more than successful from the records, the official copy of the roll I have---

We are being bled most unmerciful in this matter, and that fact is why I make this reference to this record, because this family adds 3 names to the 30.000 mentioned in the report, or three more than really is of the people entitled---

I would be pleased to hear from you on this point--so in case my exception must be in the form indicated, that I may so do--  
Respectrully,

*John L. Springston*

Action: Rejected

Name: Louisa J. Hood and 1 children. Residence: Wagoner, Okla.

Reasons:

Applicant born in 1844 at Ft. Clinch, U.C. never enrolled.  
Claim, this father Sam Morgan - born Monroe Co. Tenn. residing  
Polk Co. Tenn. in '51 - never enrolled.

Grand father Wesley Morgan - born in U.C. don't know what part -  
resided in Tenn. in '51 - never enrolled.

Great grand father - Gideon Morgan - no information given about  
him. There is a Gideon Morgan enrolled by Chap. # 1549 but  
does not appear to be applicant's great grand father as the Gideon Morgan  
(JOYER)

11879

on Chapman roll is the ancestor of applicants in group #18  
and applicants in that group and those herein do not appear to  
be related.

Sideon Morgan ancestor of applicants in group #18 was a  
white man who married a Cherokee woman & he was enrolled  
for that reason.

Applicant in this group (#1879) may possibly be the descendant  
of the Sideon Morgan who was enrolled by Chap. and some white  
woman and for that reason were never enrolled. It is a  
fact that none of the applicants herein have ever been enrolled  
and do not establish a ground for enrollment for participation  
in this fund. They are therefore rejected

Mrs. Watson Gordon, being first duly sworn, deposes and says:

I am 42 years of age; was born in Nashville, Tenn., have lived all my life in Dickson and Davidson Counties, Tenn. I claim Cherokee Indian blood through my mother. She said my great-grandfather was a full blood Indian. My mother said my grandfather, Henry Hale, moved from Cherokee Nation, T.C., to Tennessee. I never saw my grandfather, Henry Hale. I never saw my great-grandfather, Michael Hale. None of my relatives ever received any Indian money from the government that I know of. I never received any Indian money and never tried before to get any. None of my people were ever held as slaves that I know of. George Hale, my uncle, who is here with me now was living in slavery time and not held as a slave so I suppose my mother was not. My great-grandfather lived in an Indian hut and used to keep my there with him so my mother said. I never heard of Foster, the enrolling agent in 1864.

George Hale, being first duly sworn, deposes and says:

I am 52 years of age; was born in Polk County, Tenn., have spent all my life in Tennessee. I claim Cherokee Indian blood through my father. My grandfather was a full blood Cherokee Indian. I have never received any Indian money from the government and never tried before to get any. I never heard of Foster, the enrolling agent in 1864. I have seen my grandfather, Michael Hale, in Polk County, Tenn. He was an old gray haired man with gray beard. My grandfather fished and dug herbs. I never heard my grandfather say where he came from. He wore feathers in his head and carried a tomahawk part of the time. When I knew my grandfather I was small. My mother would take me to see him and sometimes he would come after me. He spoke both Indian and English. I do not know whether my mother could speak Indian or not. I cannot. I never heard my grandfather say anything about getting any Indian money.

Lonnie Hicks, ---- being duly sworn, deposes and says:

My name is Lonnie Hicks. My age is 26 years. I was born and raised in the Illinois District. Dawes Commission #12927. My brother was also enrolled by the Dawes Commission. I claim through my father. Andrew J. Hicks was my father's name. My father lived in Illinois District. I have lived here 18 years. My father was enrolled by the Dawes Commission and the enrollments for bread and strip money. I think he was born in this country. He lived in Illinois and Coe-woe-see-see District. During the war they lived in the Choctaw nation. My father's brother O-was-hie-ke and sister Ma-hi Oo-was-hie-ke. My ~~grand~~father's sister was Rachel Miller. My father's father and mother were both Indians. Their names were: grandfather Co-see-eh and grandmother Minerva Hicks, nee Pettit. He put in for Elizabeth Armstrong and Co-see-eh, filing applications in their name. I think my people were parties to the treaties of 1835 and 1846. I think they were enrolled in 1851. My great-grandfather lived in the Choctaw nation prior to 1855. I do not know whether they ever associated with any other tribe. I do not know the date when my ancestors left the Choctaw nation. Ool-was-hie-ke may be the name. They drew money ever since there was any. My father drew a settler from his mother's side. I think it was in the '90's. My first grandfather was like Hillebrand from Tennessee. Great-grandmother was Elizabeth Armstrong, nee Pettit and her son name was Hillebrand. I got this information from the Choctaw nation from a settler at Ft. My father gave him the information about my grandfather being like Hillebrand.

I am 42 years of age; was born in Volk County,  
Tenn. I claim my Indian blood through my mother. I  
have never gotten any land or money out here. My mother came  
here when I did. Whenever got any land or money.  
I do not know where she was born. She came here when I was  
five years old. My mother's father was the Indian. I  
never saw him. I do not know where he lived. He lived  
back east somewhere. None of my relatives that I know  
of ever got any Indian money or land. My mother did not  
speak the Cherokee language. She passed as a white woman.  
I think my grandfather died during the war. I have heard  
of my Indian blood ever since I can remember.
